## About Summerbridge

Summerbridge was founded in Hull in 1992 and is a leading UK manufacturer of MDF and MFC doors and cabinets for kitchens, bedrooms and bathrooms. We were acquired by the Brand K Group in January 2022.

We have an 80,000 sq ft facility, packed with all the latest production technology and machinery, where we design and manufacture products in a wide choice of finishes specifically for the trade.

We buy MDF and MFC as raw material and process it to the required specification in virtually any shape, size and colour. Many of the kitchens we supply

are bespoke sizes to perfectly fit a room and we deliver them throughout the UK to a range of different markets.

Our cabinets are supplied as ready built rigid units, glue & dowelled or cam & pin jointed. We have a highly skilled workforce who are largely employed in manufacturing and we have a production capacity of up to 25,000 doors and components each week.

We pride ourselves on being a part of the Brand K group which also includes Just Trays, The Shower Tray Company, Vogue UK, and Clear Look.

The group turns over in excess of £132m, using the brands K-RAD, K-VIT, JT, VOGUE, SUMMERBRIDGE and CLEAR LOOK. Within the group there are more than 570 employees working across sites based in Wigan, Leeds, Willienhall and Hull.
